Hi Rabiah,

Could you have a quick look at it and then finalize the report. I have made one change suggested by Michael. I suggest to remove his final suggestion about microsurfacing.

Also, could you please attach the attachments from the old report (PSV, texture and BPN results) and also two brochures: one about Skidabrader and the second one about Blastrac.

Please insert my e-signature in the report.

Regards,
Ludomir

Hi Michael,

Could you please review the attached version 4 of the report? I would like to send it as the final one that addresses comments from the City of Hamilton. I have also attached the old version in pdf format. It includes the attachments; the same attachments will be included to version 4 of the report.

Thank you,
Ludomir

Subject: Hamilton RHVP

Hi Michael,

Could you please review the corrected version of the Hamilton RHVP report? It is called Corrected Version 3. I have also attached the old version since it includes the attachments.

Regards,
Ludomir
