Hi Adam

Attached is a statement of claim issued in connection with this incident. Please ask for a waiver while we attempt to conduct an investigation, which is without prejudice to our right to defend based upon the failure to provide proper notice.

We want the police report. Our request for such was denied by the police. Tell plaintiff's counsel to produce it. We also want the police file which presumably they requested and is in their hands.

I can say that unless there is some evidence of a slippery substance on the roadway (which I seriously doubt), we will be denying this claim and looking to the plaintiff for the City's costs. The plaintiff's injuries are likely covered by her own A/B policy and the policy of the at fault party. The City has no business being involved in this action. The injuries as described in the statement of claim are not so serious as to attract a claim against the road authority based upon the 1% rule.
