Yes, we can skip the work orders for now. I want to see the recommendations fist.

Thanks,

Colleen

Will do, can we skip the work orders until they are needed, it is a lot of work to get them and I don't want to go there if we don't have to.

FYI- we are now using electronic w/o's which will make things MUCH easier going forward

Steve,

We understand that the issue of whether the City was going to install median barriers went to council. Can you please send me a copy of the report to council along with all attachments (including the CIMA report), the meeting minutes, and the recommendations/report following the meeting.

It may be that we will also need any records with respect to the recommendations that were made (work orders, etc.).

Thank you,

Colleen Crawford
